

DECAPANT

SUPER AEROSOL PAINT STRIPPER

FOR PAINT, JOINTS and GRAFFITI

DEFINITION

Super-powerful industrial-strength stripper free of CMR compounds.
Powerful product designed for stripping particularly resistant industrial paints.
Specially formulated for stripping paint from vats, floors and tools in paint factories.

ADVANTAGES

Free of CMR compounds, acid-free.
May be used cold on all materials: wood, metal, cement and on most types of paint.
A professional product made available for general use.
Does not harm metals or wood.
Easy-to-use.

APPLICATION FIELDS

Strip paints and varnishes off all surfaces.
Can be used to remove plastic residue, silicone gaskets, or pigment that accumulates in plastic injection moulds.
Removes graffiti.
Use on tile, concrete, wood, metal, glass, stone, brick, marble, etc.

TECHNICAL CHARACTERISTICS

Appearance: foam (aerosol)
Color: white
Density at 20°C: 0.98

INSTRUCTIONS

Shake the aerosol can well before using; drain valve after use.
In a well-ventilated area, apply the product uniformly on the surfaces to be stripped.
Allow product to work until blisters appear, 3 to 20 minutes, depending on paint type.
Remove paint from parts with a paint scraper.
Stripping varnishes and old paint may require repeating the process several times.
