

FONTAINE DEGRAISSAGE

ELECTRICAL

45 LITRES CAPACITY

DEFINITION

The degreasing part washer cleans, washes and dries small parts located in the basin.
Small size and manoeuvrability make this part washer an economical tool which ensures complete safety of its users.
We recommend changing the solvent every 3 months for average usage conditions.

TECHNICAL CHARACTERISTICS

Dimensions:

Width / Length 71 x 48 cm
Basin depth 25 cm
Height 86 cm closed / 136 cm open

Stable metal structure.
Safe, fire-preventative cover, storage shelf.

2 soaking basins

Cleaning capacity up to 45 L
Soaking basin for small tools / parts 2.5 L

220W electrical pump.
A brush is directly connected to the pipe.

A filter keeps the solvent clean
and protects the pump.

1 to 2 cm bottom water (not mandatory).
Drain and empty basin by unscrewing the plug.

Easy assembly (approx. 15 min).

One-year guarantee, excluding paint,
when using products recommended by ORAPI.

Can be moved from one workshop to another easily.
Compatible solvents and detergents.
Discolouration of the inside of the basin may occur after use; this is normal.

Replacement pump: Ref. 700066

1/1
