

BIODEGRADABLE CLEANER AND DEGREASER

DESCRIPTION

DEBIO F is a biodegradable and non-flammable eco-solvent based on plant extracts, with high degreasing power comparable to that of old aromatic solvents, without the danger or odour. DEBIO F is an ideal replacement for harmful fuel oil and petrochemical solvents.

DEBIO F effectively degreases mechanical parts (engines, chassis) and eliminates bitumen and heavy organic compounds. DEBIO F does not dry out joints and is compatible for cleaning by fuel pumps. It has strong degreasing and emulsification properties.

DEBIO F helps to improve working conditions and combat pollution.

Given DEBIO F's flash point, it can be used on hot surfaces and in hot weather.

DEBIO F is emulsifiable and can therefore be diluted (preventive effect, HP rinsing...) if the frequency of application allows.

DEBIO F can be used in all seasons as it withstands low or high temperatures without losing its effectiveness.

DEBIO F is a 2-in-1 product: cleaner/degreaser and anti-stick.

APPLICATION / INSTRUCTIONS FOR USE

Cleaning of public works vehicles and equipment:

- Asphalt mix production plants
- Public works companies (finishers, hoes, rakes, wheelbarrows...)
- Transporters, garages, car centres
- Agricultural machinery
- Marine engines, boat hulls, sailboards
- DDE
- Eco-solvent for industrial and oil field application (tanks, offshore and onshore, industrial maintenance...)

FICHE TECHNIQUE

ENTRETIEN DES
VÉHICULES & TRANSPORT

DEBIO F C330F

Debituminising public works equipment and vehicles:

Apply DEBIO F undiluted (by spraying) and leave for 30 minutes. Rinse with pressurised water.

Cleaning application :

Apply DEBIO F undiluted to soiled surfaces,
Leave for 30 minutes. Rinse with pressurised water.

Anti-stick:

Apply DEBIO F undiluted or diluted to the surfaces to be protected.
(Dilute 20 to 30% in water),
Repeat if necessary.

Avoid prolonged application on paints or certain flexible hoses, rubber boots, etc. and preferentially use ANTICOL F (C332F).

TECHNICAL CHARACTERISTICS

Appearance: Pale clear liquid

Odour: Faint

Density at 20°C: 0.87

Flash point: 185°C

Freezing point - 22 °C

Solubility in water: Emulsifiable

Readily biodegradable (OECD 301B)

Safe product, non flammable,

No hazard classification
